

## Ag Accounting Analyst

Dakota Beef LLC., the largest vertically integrated organic beef company in the US, located in Howard, SD is seeking an analyst in their Madison office in the cattle and grain division. This position would be responsible for collection and analysis of grain and cattle costs including financial analysis, cash management, and production of ad hock reports.

Qualified candidates must have an accounting degree, with an agricultural background. Top candidates will have the ability to collaborate with ranchers, nutritionists, consultants; and the ability continuously improve current processes and procedures.

Quickbooks or High Plains experience a plus.

Competitive salary, flexible work environment, and great benefits.
